Not All MDR Solutions Are Created Equal

PROACTIVE. PROFESSIONAL. AROUND THE CLOCK.

Our Security Operations Centers never take a day off. Pondurance managed detection and response (MDR) is powered by analysts, threat hunters and incident responders who utilize our advanced cloud-native platform to provide you with continuous (24/7) cyber risk reduction.

Recognized by Gartner, Pondurance MDR is the proactive security service backed by authentic human intelligence. Technology is not enough to stop cyber threats. Human attackers must be confronted by human defenders.

The best part? There's no need to rip out your existing security investments. Pondurance integrates with your cloud and traditional security controls.
